

MEET THE TEAM

MATT RAMEY

Project Manager,
Texas Hornshell CCA/A Program

Matt graduated in 2017 from Eastern New Mexico University with a bachelor's degree in Wildlife and Fisheries Biology. While Matt was still pursuing his degree in 2016, he began work at CEHMM as a temporary field technician for the Lesser Prairie-Chicken and Dunes Sagebrush Lizard CCA/A program. After graduation, Matt worked from a temporary Field Technician to a full-time Field Technician in 2017. In 2018, Matt transferred from Portales to Carlsbad to accept the Fisheries Biologist position for the new Texas Hornshell CCA/A program. Matt was then promoted to project manager at CEHMM for the Texas Hornshell CCA/A Program in April of 2018. He manages enrollments and program development, administers the CCA/A agreements, and develops relationships with partnering agencies and stakeholders.

Thank you Matt!
